Arts & Science Night
Thursday, May 15, 2025 | 6:00 - 8:00 p.m.

We are thrilled to announce the *SCS Showcase*, our much-anticipated annual event celebrating the diverse talents and abilities of our students. This event is a wonderful showcase of our student's creativity and provides a terrific opportunity for students to gain confidence in their skills and bring our school community together.

SCS Showcase is an all-school event, and ALL STUDENTS are strongly encouraged to participate. We will be asking you to decide what type of project your children will be doing or if they prefer, students can also assist as part of the crew.

Students should prepare a project at home that can be shared with our community (younger students may need some parental assistance). The following are just a few of the examples of past projects featured at this event:

an art or craft project	science/technology or cultural project
musical solo or duet (vocal or instrumental performances)	short video
dance performance	illusion performance
poetry reading	martial arts/athletic demonstrations

To facilitate the planning of display space and the organization of the performance schedule, we kindly request that you indicate your child's participation preferences by completing and submitting the *SCS Showcase Sign-up Form*, which will be sent home with your child on Wednesday, April 16.

The submission deadline is May 1, so please ensure the *SCS Showcase Sign-up Form* is returned to your child's classroom teacher by the deadline. Auditions for on stage performances will commence on May 1, so please be prepared to present (information will be sent home on April 16).

We will be offering a concession at the event and would greatly appreciate any parent assistance. If you are willing to lend a hand, please don't hesitate to reach out to your child's teacher.
